

Director

Cedric Terrell Pharm.D., MHA
Chief Pharmacy Officer & Vice President Health & Medical
Management at Blue Cross Blue Shield of Massachusetts

Cedric Terrell is the Chief Pharmacy Officer and Vice President of Health and Medical Management at Blue Cross Blue Shield of Massachusetts. Dr. Terrell is an extraordinary healthcare executive with 18+ years of innovative solutioning, challenging the status quo, and advancing healthcare delivery through creative practitioner modeling and transformational healthcare leadership of people, service lines, and organizations.

He is a thought leader and an active participant in community volunteer opportunities in communities that are predominately represented by people of color. Dr. Terrell participated in an education event called White Men and Allies to increase understanding around diversity and inclusion and engage white men in the work. Cedric joined the Greater Boston Food Bank Board of Directors in October 2020.

Dr. Terrell received his master's degree from Simmons College and his PharmD from Florida A&M University.
