

Director

Lisa Kelly-Croswell
Senior Vice President and Chief Human Resources Officer
Boston Medical Center

Lisa Kelly-Croswell is Senior Vice President and Chief Human Resources Officer for Boston Medical Center Health System (BMCHS) and is also responsible for BMCHS's Volunteer Services Department and Occupational Health Clinic.

Lisa brings 30 years of experience in a wide range of global HR leadership roles including: Senior Vice President (SVP), HR and Corporate Services at Vertex Pharmaceuticals, SVP, HR for Healthcare and Service Operations at CIGNA, and a series of progressive HR leadership roles at the Monsanto Company and Frito-Lay, Inc. While at Monsanto, Lisa also held an expatriate assignment based in Singapore, leading HR for the Southeast Asian region. Her assignments commonly involved leading in times of rapid business growth, performance turnarounds and in start-up or innovation environments.

Lisa received a B.S., Finance and a M.A., Labor and Industrial Relations from the University of Illinois at Urbana-Champaign.

Lisa is currently a Board Member for the Mary Christie Foundation. In prior years, she served on the Board of Directors for five other non-profit organizations including roles as Finance Committee Chair and member of Nominating Committee. Lisa joined the Board of Directors of GBFB in 2019. Her experiences in the food, agricultural and healthcare industries, as well as manufacturing, distribution and innovation environments align with and combine to support the GBFB strategy.
