## Together, we can make Eastern Massachusetts hunger free.

Women Fighting Hunger is a compassionate group of business and community leaders working with The Greater Boston Food Bank (GBFB) to end hunger here. Over the past 11 years, they have created a philanthropic movement to improve the health and well-being of the communities they live in.

Since 2010, the dedicated members of Women Fighting Hunger have helped to raise awareness around our mission to end hunger here, and together have raised enough to provide more than 4.6 million healthy meals to people struggling with hunger.

As a Women Fighting Hunger Breakfast sponsor, you will join an influential group of community leaders as we work to make Eastern Massachusetts hunger free. Your sponsorship dollars help to provide healthy meals to those in need. Join the movement.

Friday, October 23, 2020

You can help provide  
healthy, nutritious  
food to communities  
in need.
