

Lisa Kelly-Croswell

Member, Board of Directors
Chair, Compensation Committee
Member, Governance and Nominating Committee
Member, Executive Committee

Lisa Kelly-Croswell is currently Senior Vice President and Chief Human Resources Officer for Boston Medical Center Health System, leading all of BMCHS's Human Resources functions as well as its Volunteer Services Department and Occupational Health Clinic.

Lisa brings 30+ years of experience in a wide range of global Human Resources leadership roles including: Senior Vice President, Human Resources and Corporate Services at Vertex Pharmaceuticals; Senior Vice President, Human Resources for Healthcare and Service Operations at CIGNA; Vice President of Human Resources at Nitromed, Inc.; and a series of progressive Human Resources leadership roles at the Monsanto Company and Frito-Lay, Inc. While at Monsanto, Lisa also held an expatriate assignment based in Singapore, leading HR for the Southeast Asian region. Her assignments commonly involved leading in times of rapid business growth, performance turnarounds and in start-up or innovation environments.

Lisa is currently a member of the Board of Directors for the Mary Christie Foundation, Eiger Biopharmaceuticals, Inc. and Synlogic Therapeutics. She is a current and past Board Member for multiple non-profit organizations.

Lisa holds a B.S. in Finance and a Masters in Labor and Industrial Relations from the University of Illinois at Urbana-Champaign. Lisa has been a member of the Board of GBFB since 2019. Her experiences in the food, agricultural and healthcare industries, as well as manufacturing, distribution and innovation environments align with and combine to support the GBFB strategy.
